What you see at the end

Who are you: a bully, a victim or a bystander?

Why did you do it?

You wanted to fit in.

What went wrong?

You kept making the joke.
It hurt someone.

What could you have done instead?

Stop the joke.
Listen to the person you hurt.

If you were bullied: support, not blame.
If you watched: what could you have done?

Knowing why doesn’t make it okay.
Saying sorry doesn’t fix everything.
